

CREATION TECHNOLOGIES QUALITY POLICY

Quality is ingrained in Creation as a key ingredient in delivering total solutions to our customers. A relentless pursuit of excellence to ensure customer satisfaction the first time and every time.

We are committed to maintain and improve the effectiveness of our quality management system through:

- **Meeting or exceeding our objectives and targets through technical excellence and innovation**
- **Enriching partnerships with our people, customers and suppliers**
- **Continuous process improvement**
- **Compliance with statutory and regulatory requirements**
- **Superior customer communication and responsiveness**

Partners in Quality, working together to build the future!
