Appendix B to Creation Technologies' Standard Purchase Order Terms and Conditions – Federal Acquisition Regulation (FAR) and Agency Supplement Flow Down Clauses For Non-Commercial Products and Services				

1. **Incorporation by Reference.** The clauses identified below are incorporated herein by reference and shall have the same force and effect as if set forth in full text. The identified DFARS clauses do not apply if the prime contract is with a civilian agency. The full text of the clauses are accessible at the following website: <https://www.acquisition.gov/>.
2. **Term Substitution.** In the clauses below, unless the context of the clause requires otherwise:
 - Substitute “Buyer” for “Government”
 - Substitute “Order” for “Contract”
 - Substitute “Seller” for “Contractor”
 - Substitute “Buyer’s Purchasing Representative” for “Contracting Officer”
 - Any reference to the "Disputes" clause shall mean the "Disputes" clause of this Order.

Notwithstanding the foregoing, these substitutions will not apply where implementing them would result in the violation of terms contained elsewhere in the Order or violation of Seller’s “independent contractor” status.

3. Other Rules of Construction.

- (a) It is intended that the referenced clauses shall apply to Seller in such manner as is necessary to reflect the position of Seller as a subcontractor to Buyer, to ensure Seller’s obligations to Buyer and to the United States government, and to enable Buyer to meet its obligations under its Prime Contract or higher-tier Subcontract.
- (b) If the date or substance of any of the clauses listed below is different from the date or substance of the clause actually incorporated in the prime contract or higher-tier subcontract referenced by number herein, the date or substance of the clause incorporated by said prime contract or higher-tier subcontract shall apply instead.

4. Modifications Required by Prime Contract or Higher-Tier Subcontract. If the prime contract or higher-tier subcontract is modified to change clauses herein or to incorporate additional clauses, Seller will negotiate in good faith with Buyer to make corresponding changes to this order, if the Buyer deems such changes necessary to comply with the prime contract or higher-tier subcontract. If any such change to this order causes an increase or decrease in the cost of performance or the time required for performance, an equitable adjustment will be made pursuant to the “Changes” clause of this Order.
