

Electronics Manufacturing For

AEROSPACE & DEFENSE

Empowering customers with dependable, high-reliability products—delivered in low to medium volumes and built to perform in their most challenging environments.

**AS CRITICAL AS
MISSION CRITICAL GETS**

TRUST

Uncompromising quality and dependability throughout the entire product lifecycle.

VISIBILITY

Real time, transparency, and communication from program launch to sustainment.

RELIABILITY

Proven systems and processes that ensure performance when it matters most.

PARTNERSHIP

A collaborative approach focused on your mission, your schedule and your success.

Air, Land, Sea, Space

PROGRAM EXPERTISE

As domestic and foreign unrest continues to increase, original equipment manufacturers (OEMs) in Aerospace, Defense and Security face managing the accelerated pace of technological advancement, rising competition, geopolitical uncertainty, and flux in security budgets and priorities.

Why partner with Creation Technologies for AEROSPACE, DEFENSE & SECURITY?

Reliability, Secrecy & Risk Mitigation

Uncompromising quality and risk reduction powered by advanced collaborative process engineering for unique applications and strict regulatory compliance, ensuring mission-ready products in the field

AI-Enabled Robotics & Unmanned Systems

Delivering comprehensive, system-level expertise for autonomous military robotics across UAS (Groups 1-5 & CCA), cUAS, UGV, UUV, and USV platforms—including advanced EO/IR integrated assembly, calibration, encapsulation, and rigorous environmental conditioning

Targeted Domain Expertise

Providing specialized, high-reliability solutions across four critical defense domains: **Air, Land, Sea, and Space** platforms

Unrivaled Security & Compliance

Protecting your IP and programs across multiple ITAR-registered, CDD-registered, and CMMC Level 2 ready secure facilities

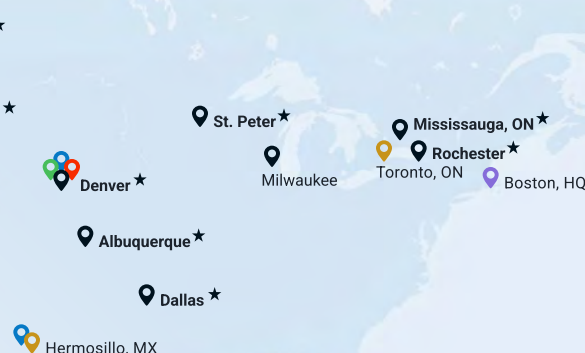

Full End-to-End Product Lifecycle

Leveraging our scale to seamlessly manage your program from initial design and rapid prototyping to quick-turn NPI, full-scale production, and long-term sustainment

LOCATIONS

Global reach. Local support.
Where you need us, when you need us.

- Manufacturing Center
- VAVE/DFM/DFT Center
- Rapid Prototyping Center
- Global Materials Sourcing Group
- Headquarters
- Interconnect Center
- ★ Facilities with Domain Expertise

LET'S BUILD WHAT'S NEXT.

Partner with Creation Technologies for mission critical solutions engineered to perform.
